Situation Overview

- **California State of Emergency Proclamation**

On March 4, 2020, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the State prepare for broader spread of COVID-19.

- **Global Health Advisory**

On August 6, 2020, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on March 19, 2020, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov>.

- **Executive Order N-33-20**

On August 28, 2020, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

- **FEMA-4482-DR-CA**

On March 22, 2020, President Trump approved Major Declaration FEMA-4482-DR-CA (DR-4482) for the COVID-19 Pandemic.
